

# MOVING HOUSE Checklist

STAY ORGANISED & MOVE WITH LESS STRESS!

**sahm.**

STAY AT HOME MUM

new home  
new start

## Plan & Declutter

The earlier you start, the smoother everything will go!

- Book movers or truck hire** (lock it in early!)
- Start decluttering room by room**  
Donate, sell or toss what you don't need.
- Create a moving folder or checklist**  
Keep all bookings, receipts & important documents in one place.
- Notify your landlord or agent**  
Check notice periods & organise your bond clean.

## Start Packing Smart

Time to gather supplies and get packing!

- Gather packing supplies** (boxes, tape, markers, bubble wrap – get more than you think you need!)
- Pack non-essentials first**  
Seasonal items, decor, books & things you won't need in the next few weeks.
- Label everything clearly**  
Write the room + a quick description on each box.
- Plan for the kids**  
Pack a separate bag with their toys, snacks & comfort items.

## Final Prep

You're in the home stretch!

- Confirm all bookings**  
Double-check times with movers, cleaners & any booked services.
- Pack an essentials box**  
Toiletries, medications, chargers, snacks, a change of clothes, toilet paper & important documents.
- Clean as you go**  
Tackle little bits each day instead of leaving it all to the last minute.
- Transfer utilities & update your address**  
Electricity, internet, subscriptions, banks, licences & schools.

## Moving Day

Stay calm & take it one step at a time.

- Do a final walkthrough**  
Check cupboards, drawers, wardrobes & outdoor areas.
- Keep valuables with you**  
Important documents, jewellery & personal items.
- Supervise the move**  
Be available to answer questions & direct where boxes go.
- Check everything is unloaded**  
Do a quick scan before the movers leave.

## After the Move: Settle In

This is where your new house starts to feel like home.

- Unpack the essentials first**  
Kitchen, bathroom & bedrooms – get the must-haves set up.
- Set up storage solutions**  
A few simple storage pieces can make it easier to stay organised and keep clutter under control.
- Meet the neighbours**  
A quick hello goes a long way!
- Help kids & pets adjust**  
Stick to familiar routines to make the transition easier.
- Update your details everywhere**  
Banks, Medicare, licences, schools & subscriptions.
- Take your time**  
You don't have to do everything in one weekend.
